

WASC Parent Survey, Question 98: If you have any closing comments that you would like to make concerning the educational and support programs at PHS, please feel free to do so

- [Administrator 1] has done a good job and cares about students. Review of administration not directed at him.
- I am concerned that our principal is worried more about finances than our children. When talking with him he listens but doesn't really hear you. This is my experience as a parent. I can't imagine how his interactions are on campus with our children.
- In the past I have not had a good experience in teaching parent relations. My experience has been very disappointing.
- [Administrator 1] and counselors, [CC director], [Registrar] and most of the staff are amazing & truly the glue holding PHS together. No student input into school-wide problem solving (Bathroom Access (Guest at Dances (Homecoming Dance Fiasco))
- [Administrator 1] and the counselors doing a great job.
- As my son has been a student of PHS for just less than two months. I have not had a lot of experience in many of the areas questioned on this survey. So far, however, my son's experience there has been positive, and overall I have been pleased with what I have seen.
- I would be interested in participating in a study group to help analyze data for the WASC accreditation process. Also, as I am bilingual I could occasionally volunteer my services as a translator or interpreter at the parent meetings, etc. My phone no. is [number].
- I feel that the Administration can't let the students express themselves, and furthermore not to be heard, then they are in serious danger of not producing mature individuals which know how to properly protest to unsatisfactory policies with an immature riot.
- PHS has been very supportive of my family & child care staff ([Attendance]) wonderful. My child has some really great teachers.
- Show more respect to the students.
- More follow through with students that are kicked out of class.
- [Administrator 1] is wonderful & is everything the [Administrator 4] is not.
- Communication between the registrar's office and parents is outstanding. Kudos to [Registrar]!
- I'm not very happy with what this school is doing as far as establishing an atmosphere of "learning and respect" among students, teachers, administrators and parents. I'm embarrassed to say one of my children attends PHS. I wish I had the means to provide her with private education.
