The school is a great place

PHS is a good school but I don't always feel safe here

The school is not safe. There are many mean people

I am not concerned about violence in this school. Just less of it would be great (not very many violences)

Tell [Administrator 3] I said hi

No

Your doing something right with the sports program

Waiting until the week before homecoming to start the Unsat list was unfair. If you knew it as taking effect, it should have been started at the beginning of the year, or after homecoming

Our administration focuses too much on restricting the students. They do not provide us with any motivation to do well. They only enforce their overly strict rules

You should hire better English teachers, or at least come into their classes and see if they know what they're doing.

Ot necessarily the programs, but the security. There are cameras throughout the school. I think they do a good job on focusing on the classrooms and building. However, there needs to be more cameras surrounding the outside of the school. My car had gotten hit and there was o note or anything. I tried to see if there were cameras that caught the car that did it. It turns out there was only one camera focusing in one direction. I never found out who did it.

We need a field! (Stadium!)

I don't think that students shouldn't have to take the high school exit exam

I think that the Unsat list is pointless and rude to have people not bable to go to dances but are able to go to other school activities. The Administrator needs to get [gender]self out of "teaching". Also, we need a REAL self defence policy! Nont just to lay on the ground and get beet up!

I think we should have better math teachers here because we only have one that I know of and because of that we suffer.

The administrators do not interact with the students and abuse their power

More food/choices

I would like for my school to help clubs get things they need. Example, cheerleaders need a proper place to practice, or they will continue to get hurt; ASB needs a place to make banners for all occasions, it will look better.

- They took more school days and less Christmas, Thanksgiving and summer days off.
- I don't look forward to going to school. I use to love coming to school but now I don't, I hate coming.
- We need more individual support and encouragement.
- School should start later and we should have 45 minute periods plus a 0 period if student want it.
- Well, it's not really for the above subject but there are too many racial and sexual orientation comments (insults) at this school that no one does anything about (including teachers and administrators).
- When some teachers get ur grades.
- The administrators do not listen to the students side of the story and do not hesitate to suspend students.
- English and science department are excellent. Math department is suffering, extremely hard for students to learn.
- They should change the dance rules and dress code.

- Needs more variety of foods.
- STAR testing shouldn't be a factor when choosing future classes, if someone passed a class they should be able to go on to the next level.
- I like school.
- We need some kind of way to get students involved in college.
- Give better funding for band program.
- PHS is alright in going to Woodland.
- Teach archery.
- I feel this administration is on a power trip and does nothing but take the limited amount of fun out of school.
- Administration needs to give students chances before they "assume" things about students.
- [Administrator 1] is wonderful. The administration could be nicer and listen to the students once in a while. Band program is amazing and deserves more support from the administration (principal).
- PHS administration cares about football but doesn't seem to care about or support any other supports.
- Do better on bathrooms.
- Our administration is incompetent. They make up ridiculous rules that they never enforce.
- Administration should not be so uptight and mean.
