

STIMULATING DIALOGUE

Ask questions to expand your understanding and to encourage dialogue:

To Clarify:

Can you tell me more about...?

What do you mean by that?

Have you ever experienced this before? What did you do...?

What do you think is going on here?

What's underneath that?

What are the implications of looking at it this?

To Encourage Self-Motivation and Ownership:

That's the problem - what are some possible solutions?

If you were in charge, what would you do?

What do you think your role might be in this?

What do you think you could contribute to the solution?

Do you see things differently?

To Imagine Creative Solutions or Approaches:

What if you were to...?

How might this make a difference in our community?

If you had no constraints around this issue, what would you do?
